# MILL TECHNOLOGY Certificate Program

**Monday, March 17 – Thursday, April 17, 2025 | 8:00 a.m. – 4:30 p.m.**

**NTC Wood Technology Center of Excellence | 312 Forrest Avenue Antigo, WI 54409**

**No Cost!** All tuition, materials, hotel costs and meal stipends are covered through a Workforce Innovation Grant

The Mill Technology Certificate is designed for individuals seeking practical experience in Sawmill operations. Learners develop knowledge and skills via a short-term hands-on immersive learning experience, using state-of-the-art equipment in NTC's training sawmill. Foundational topics learners will cover include log and lumber grading, kiln drying, and mill operations. Learners will also develop essential best practices related to sawmill safety, lumber manufacturing and basic maintenance tasks in a commercial-scale sawmill environment.

Explore a career in the sawmill industry—for **free!** Thanks to a WEDC Workforce Innovation Grant, students in this first program offering will have tuition, materials, and housing costs **fully covered.** Whether you're new to the Forest Products Industry or looking to upskill, this is your chance to level up and learn more!

**Due to the intense hands-on nature of these classes, the program is limited to 12 participants.**

## Focus Areas:

- Log Identification, Scaling and Grading
- Hardwood Lumber Grading
- Sawmill Safety and Operator Maintenance
- Quality Control and Industry Metrics
- Conventional Steam and Dehumidification Kiln Operation
- Sawmill Machine Centers Include:
  - 54" Double Cut Band Headrig
  - 54" Horizontal Resaw and Preturning Workstation
  - 2-Saw Optimized Edger and a 2-Saw Double End Trimmer

Classes	Credits
Sawmill Safety and Maintenance	1 credit
Lumber Manufacturing: Sawing, Edging and Trimming	2 credits
Mill Operations Overview	1 credit
Introduction to Hardwood Grading	1 credit
Introduction to Kiln Drying	1 credit
